3. Talked with John Witeck of the Senate Appropriations Committee and advised him of the error on page 17 of the hearings on the second Supplemental Appropriations Bill 1958 (H. R. 10881). After informing him of the nature of the error about the number of pages translated being a gross figure including both classified and unclassified he thought that no further action was required since the error in any event was not injurious to the request of  for appropriations. Therefore, no further action will be taken.
